

CLOUD ARCHITECTURE & TABLET KIOSKS

Intelligent Digital Time & Attendance via Dynamic QR Codes & Tablet Kiosks

Completely eliminate paper sign-in sheets, lost keycards, and hours wasted on month-end payroll computations. Enterprise-grade, fully encrypted, and 100% compliant with EU GDPR and statutory labor regulations.

SUB-1 SECOND

Ultra-Fast Check-In

Team members present their digital ID badge or smartphone to the tablet camera. Instant audio-visual confirmation.

ZERO FRAUD

Dynamic QR & GDPR

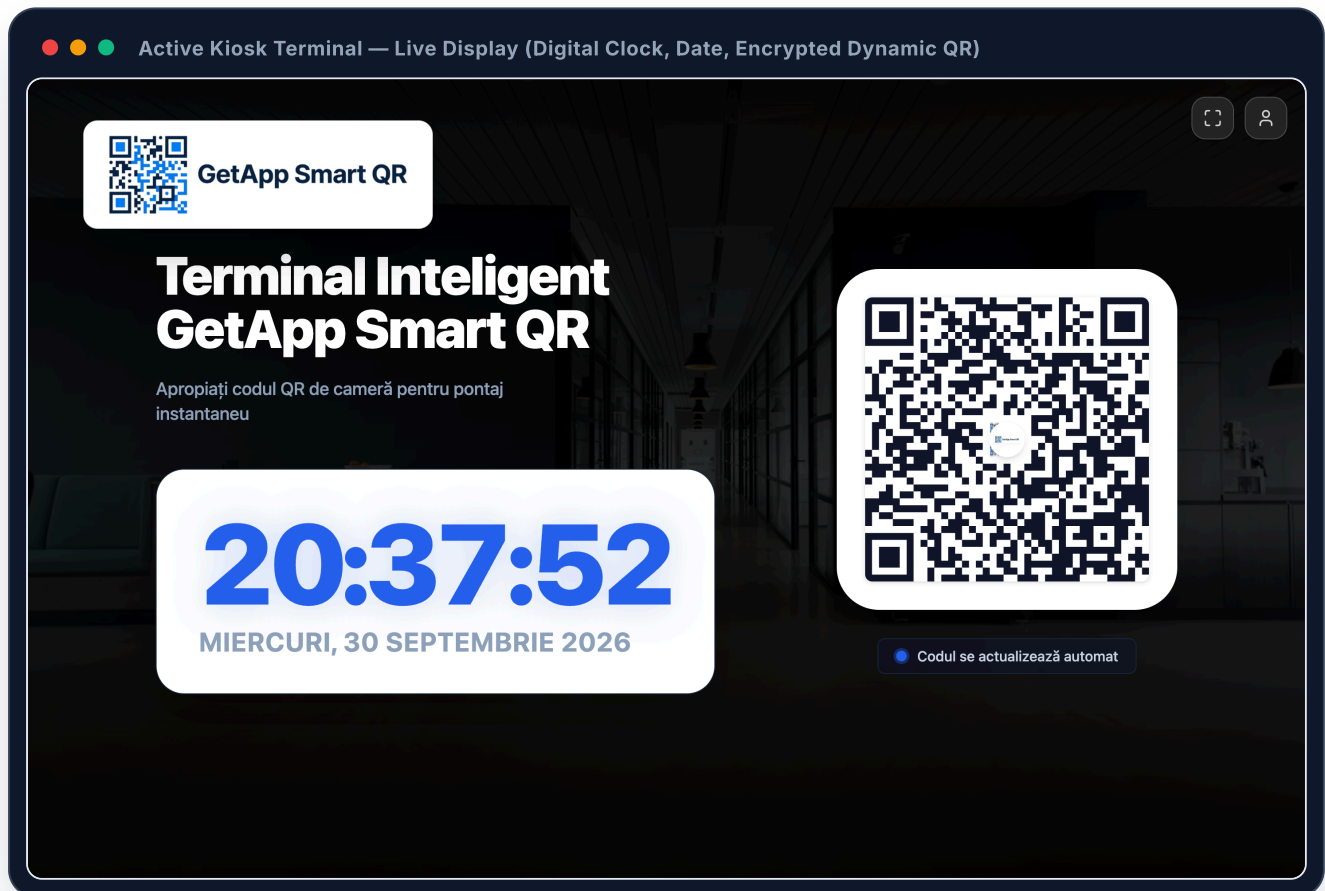

Tokens refresh automatically every 15 seconds. Zero invasive biometrics, ensuring complete employee privacy.

NO CUSTOM HARDWARE

Runs on Any Tablet

Compatible with any standard iPad or Android tablet. Zero proprietary hardware cost and zero maintenance overhead.

Front-Desk & Entrance Tablet Kiosk (Reception, Lobby, or Gate)

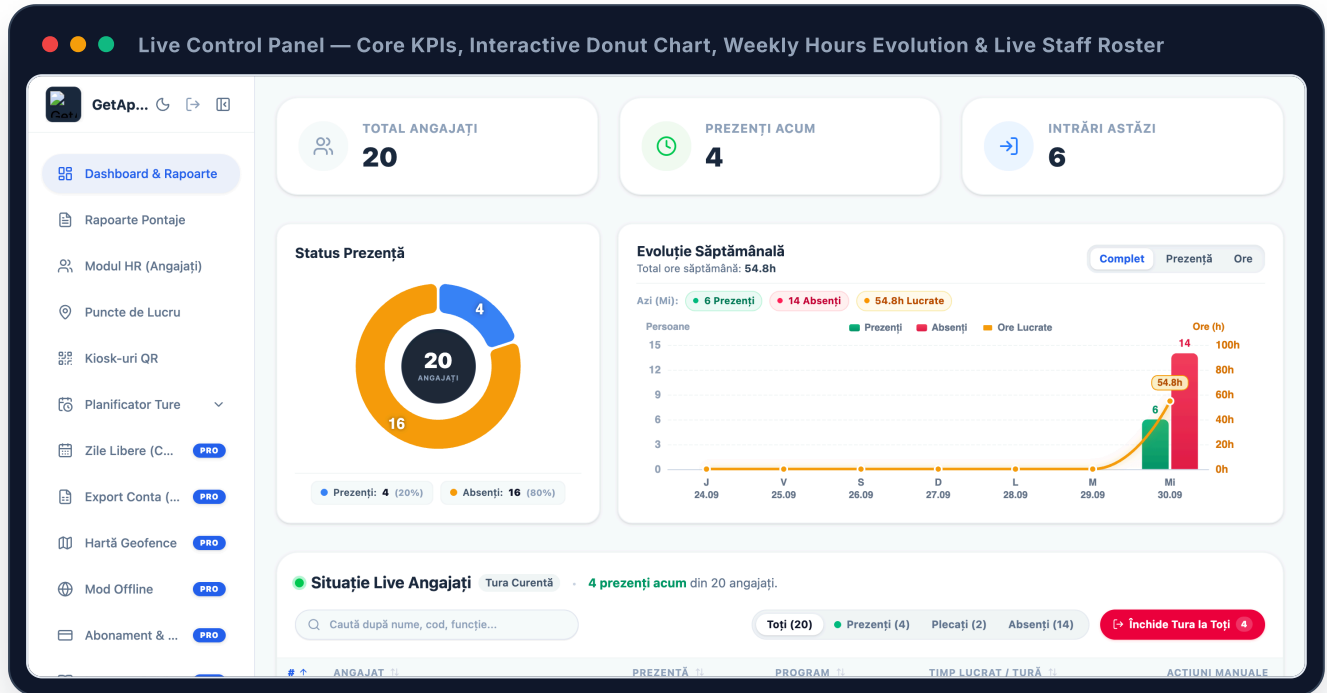

- ✓ **24/7 Anti-Standby:** Intelligent keep-awake ensures the tablet remains active continuously in secure kiosk mode.
- ✓ **Dual Method:** Fast dynamic QR scan or individual numeric PIN entry for each employee.
- ✓ **Full GDPR Protection:** End-to-end SSL/TLS encryption; zero biometric or facial storage.
- ✓ **Multi-Location Support:** Centrally manage unlimited branches and work sites from one cloud account.

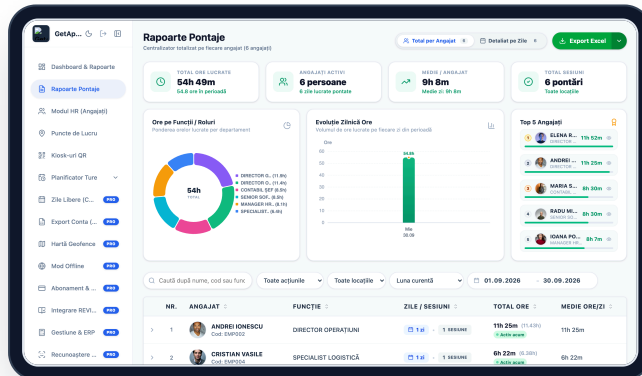

Real-Time Dashboard & Interactive Attendance Analytics

Complete operational oversight in real time: key metrics (total workforce, currently present, absent), interactive donut status distribution, weekly hours trends, and second-by-second live shift tracking.

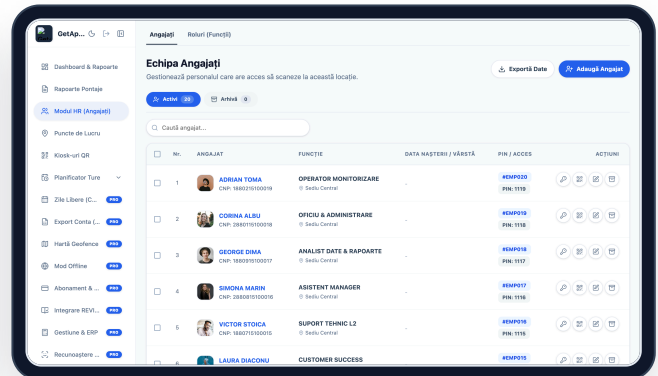

Monthly Reports & Timesheets

- ✓ **Automatic Hour Calculations:** Daytime, nighttime, weekend, and overtime tallies.
- ✓ **Excel & ERP Export:** Ready-to-use centralized payroll reports for accounting & audits.

HR Module & Team Management

- ✓ **1-Click Excel Import:** Onboard 50 to 500+ employees in under 2 minutes.
- ✓ **Digital Badges & PINs:** Automated generation of printable QR access cards.

FULL PROTECTION

ZERO BIOMETRIC DATA

No invasive fingerprint or facial scans. Uses secure, rotating dynamic QR tokens and private PINs, strictly complying with GDPR Article 5.

CLOUD SECURITY & ENCRYPTION

256-bit SSL/TLS secure communications, tenant-isolated databases, automated daily backups, and tamper-proof immutable audit logs.

LABOR LAW COMPLIANCE

Clear, auditable records of exact shift start and end times mandated by labor authorities. Certified collective timesheet registers.

Total Legal Compliance & Strict EU GDPR Data Security

RECOMMENDED CORE SUBSCRIPTION

Smart Monthly Plan

Zero installation charges, no expensive server licenses, and no forced long-term lock-in. Pay strictly for the number of active employees in your organization.

For organizations with advanced enterprise requirements, **Pro** and **Premium** tiers with custom integrations are also available.

SMART PLAN

15 €

/ employee / month

Min. 150 € / month /
company

What the Smart Subscription Includes

- ✓ **Unlimited Kiosk Terminals** on as many tablets or entrance devices as you require.
- ✓ **Live Dashboard & Real-Time Monitoring** of attendance on any mobile or desktop device.
- ✓ **Complete Timesheet Reports & Registers** fully compliant with statutory labor standards.
- ✓ **Automatic Excel & CSV Exports** for seamless transmission to payroll and accounting.
- ✓ **Shift Planner & Leave Management** with approvals and automated end-of-shift closing.
- ✓ **WhatsApp & Email Notifications** for delays, absences, and critical system alerts.
- ✓ **Full Protection & Daily Backups:** 256-bit data encryption, cloud security, and full GDPR compliance.
- ✓ **Direct Technical Support & Fast-Track Onboarding** for effortless initial account setup.

Deployment in 3 Simple Steps (Ready in 15 Minutes)

STEP 1

Import Team

Upload your Excel employee roster. The system instantly generates digital badges and individual PIN codes.

STEP 2

Activate Tablet

Open the secure Kiosk web application on your reception or entrance tablet. Instantly ready for scanning.

STEP 3

Automated Tracking

Staff scan their badges upon arrival and departure. Working hours and overtime are compiled automatically in real time.

Ready to test the system in your organization?

We offer a 14-day comprehensive free trial with full feature access — no upfront fees, no credit card required.
